

# WHAT CAN GO IN THE TRASH BIN?

[www.saratogaspringscity.com/garbagerecycling](http://www.saratogaspringscity.com/garbagerecycling)

## ACCEPTABLE MATERIALS

All waste associated with purchasing, handling, preparing, consuming, and disposing of food in a residential unit.

All waste associated with household and yard management, including packaging, debris from minor house repairs, minimal yard waste including grass clippings, small limbs, etc., discarded clothing, shoes, disposable diapers, paper, broken or discarded household items, etc., as long as the items fit in the garbage receptacle.

Waste associated with household pets, including pet waste and carcasses of dead household pets or portions thereof 10 pounds or smaller.

Other waste items or debris as long as they can be reasonably accommodated in the garbage receptacles and can be handled without damaging Republic Service's collection vehicles.

## UNACCEPTABLE MATERIALS

Any materials (garbage or recycling) not contained in the container(s).

Specifically exclude hazardous, radioactive, volatile, corrosive, highly flammable, explosive, biomedical, infectious, biohazardous, toxic or listed or characteristic hazardous waste as defined by applicable law or any otherwise regulated waste.

Waste that is of such volume, weight, and/or composition that it cannot be reasonably accommodated by the collection vehicles.

Waste that poses a danger to the truck and/or operator (examples include, but not limited to: hot ashes, ammunition, hazardous or toxic chemicals or chemical agents, heavy or jagged metal, oversized concrete or rock material, large sumps, large accumulations of human or liquid waste (as from RV holding tanks), unreasonable amounts of sod or dirt or other items that cause a fine dust/particles that is a hazard to the driver and his/her ability to breathe.
